

A cross-sectional view of a laminated body 1A. It consists of a first substrate 11 (14) and a second substrate 20, which are joined by an adhesive layer Ad. A thin layer 30 is disposed on the surface of the second substrate 20. The first substrate 11 (14) is shown with a hatched pattern, and the second substrate 20 is also hatched. The adhesive layer Ad is indicated by a dotted pattern. The thin layer 30 is a very thin layer on the surface of the second substrate 20.
